

KITCHEN DESIGNERS & FITTERS PACK

Helping Kitchen Fitters create amazing
Kitchens and maximum profits

Bespoke Cabinetry & Joinery

If you need a one off domestic pieces of furniture, a large commercial refit or commercial product runs of panels and furniture we would like to help.

We offer a full Bespoke Cabinetry & Joinery Service to the building trade, whether your fitting Kitchens, Bathrooms, Bedrooms, Living Rooms, Home Library, Dressing Room or Office we can supply a beautifully designed and crafted economic solution.

We enable you to offer a finish not available from the major sheds such as B& Q or Howdens.

Our 10,000 square foot Workshop is equipped with state of the art carpentry machinery including computer controlled saws, CNC machines, vinyl presses etc. enabling us to manufacture any size or shaped panel or cabinet to a very high standard & our skilled staff ensure that every piece of work that comes out of the workshop is accurate and finished to the best possible standard.

You can pick from over 100 finishes from modern high gloss solid colours to trending matt paint effects or go traditional with our wooden effects. Each piece of your project can be either cut and edged or vinyl laminated to create the perfect look. Furniture is then assembled in house using the best possible fittings to ensure rigidity and style.

We work with sheet materials such as MDF / MFC / Marine Ply / Birch Ply and hardwoods depending on the most suitable material for your particular project.

Each project is managed by a Britanian director who will ensure your project is on time and within budget.

Current Projects Include:

Bathroom furniture & toilet seats, alcove cabinetry, bedroom door replacement, hallway wall panelling, kitchen architrave

Sheet Materials Cut to Size

Sheet Material Cut to Size

We stock most wood based sheet materials including

Moisture resistant MDF in 9mm / 15mm & 18mm
Laminated MDF or MFC boards cut or cut & edged to your finish

Marine Ply in 4mm, 6mm, 9mm, 12mm, 15mm, 18mm & 24mm

While you wait Cutting service.

Collect full 8ft x 4ft sheets from our warehouse in Rainham or pop in and give us a cut list and we can normally cut smaller pieces while you wait.

We can deliver same day to Medway and adjoining areas.

CNC cutting / routing service

Need shaped or routed panels? Then let us take the hard work out of it with our CNC router. We can quickly and accurately cut a board into any shape including internal cut outs, we can even route detail into the panel at the same time to add a unique style to the finished pieces.

Panel Fixings

Need fixings to secure you panels?

We are your local stockist of Button Fix a patented design of fixings to make fitting your panels quick and secure.

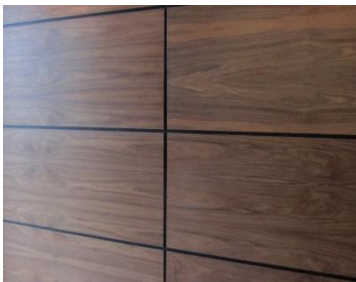

button-fix™

MDF Wall Panelling, Skirting and Architrave

Complete the look with made to measure wall panelling. Add texture and character and a bespoke feel to any room. This can be made from your drawings and specifications.

We can manufacture wall panelling to your size, shape design and finish in moisture resistant MDF and in various thicknesses.

Commercial, residential, Classic or ultra modern we can provide wall covering that fit, look great and be extremely durable. Either Bare MDF to be painted by the installer on Vinyl Wrapped for the perfect finish in either High Gloss or Matt Solid Colours or Wood Grains.

We have a selection of designs but why stop there? Why don't you or your client come up with a design for a feature wall and we can turn that into stunning reality.

We also sell Bathroom Wet Wall Panelling visit us at
